

BUYER'S INSPECTION WAIVER

A. IMPORTANCE OF PROPERTY INVESTIGATION:

Unless otherwise specified in the purchase agreement used, the physical condition of the land and any improvements being purchased is not guaranteed by either Seller or Brokers. For this reason, (i) you should conduct thorough inspections, investigations, tests, surveys and other studies (Investigations) of the Property personally and with professionals of your own choosing who should provide written reports/disclosures of their findings and recommendations, and (ii) you should not rely solely on reports/disclosures provided by Seller or others. A general physical (home) inspection typically does not cover all aspects of the Property nor items affecting the Property that are not physically located on the Property. If any professional recommends additional Investigations, including a recommendation by a pest control operator to inspect inaccessible areas of the Property, you should contact qualified experts to conduct such additional Investigations.

B. BUYER RIGHTS AND DUTIES:

You have an affirmative duty to exercise reasonable care to protect yourself, including discovery of the legal, practical and technical implications of disclosed facts, and to investigate and verify information and facts that you know or that are within your diligent attention and observation. If the purchase agreement gives you the right to investigate the Property the best way to protect yourself is to exercise this right. However, you must do so in accordance with the terms of, and time specified in, that agreement. It is extremely important for you to read all written reports/disclosures provided by professionals and to discuss the results of Investigations with the professionals who conducted the Investigations.
